TAP YOUR PHONE

NFC TECHNOLOGY

1. Unlock your smartphone.
2. Hold the back of your phone near the front of the Smart Keychain.
3. Follow the prompt that appears on your screen.

Depending on how your keychain was programmed, you may be able to:

Save Contact
Information

Open a
Website

View Business
Information

Access Additional
Content

Some phones may require NFC to be enabled in Settings.

SCAN THE QR CODE

WORKS ON VIRTUALLY ALL SMARTPHONES

1. Open your phone's Camera app.
2. Point it at the QR Code on the back of the keychain.
3. Tap the notification that appears.

The QR Code provides quick access to the same or similar information and works with virtually all modern smartphones.

HELPFUL TIPS

- Keep your Smart Keychain attached to your keys so your digital business card is always within reach.
- If NFC is unavailable on a device, simply scan the QR Code instead.
- For best performance, keep the QR Code clean and unobstructed.
